SHREYAS S

+91 7010902920 | shreyassathyanarayanan@gmail.com | linkedin.com/in/shreyas017 | github.com/Shreyas10052003

Education

B.E. Computer Science Engineering, Rajalakshmi Engineering College (2020–2024) – CGPA: 7.82
Class 12, Sir Sivaswamy Kalalaya Hr. Sec. School (2018–2020)
Class 10, Sir Sivaswamy Kalalaya Sr. Sec. School (Till 2018)

Experience

Rubixe – AI & Data Science Company – Internship (Dec 2024 – Jun 2025)

- Contributed to client and Proof of Concept (POC) projects, applying machine learning to solve real-world problems.
- Demonstrated strong theoretical and practical knowledge in data science across various domains.

Excelencia iTech Consulting Pvt Ltd – Internship (June 2024 – August 2024)

- Built data pipelines, performed text analytics, and worked on sentiment classification using Python and Azure ML.
- Developed dashboards and visualizations with Microsoft Fabric for actionable insights.

Projects

Efficient Power Generation System using Single Axis Solar Tracker with Weather Monitoring

- Designed and implemented a solar tracking system with integrated weather sensors, dynamically adjusting panel positions to optimize sunlight capture and improve energy efficiency by 15–20% over static systems.
- Published in IEEE Xplore: https://ieeexplore.ieee.org/document/10465275

Handwritten Digit Recognition using CNN

- Built TensorFlow CNN model for MNIST digit classification; applied normalization, dropout, and visualized predictions.

House Price Prediction – Advanced Regression

- Built regression models using encoded features; tuned XGBoost via RandomizedSearchCV for high accuracy.

Portuguese Bank Term Deposit Subscription Prediction

- Developed binary classifier on bank data; handled class imbalance with SMOTE, achieved 92% accuracy using tuned XGBoost.

Flight Fare Prediction using Regression

- Preprocessed airline data with EDA and outlier handling, then trained and tuned models like Linear Regression, Decision Tree, Random Forest, and XGBoost.

Technical Skills: Python, MySQL, Tableau, Power BI, Machine Learning, Deep Learning, PostgreSQL
Libraries: Pandas, NumPy, Matplotlib, Scikit-Learn, TensorFlow
Developer Tools: Github, AWS, VS Code, Microsoft Fabric, ML flow
Soft Skills: Problem-solving, Communication, Team Collaboration

Certifications

Microsoft Certified: Azure Data Scientist Associate (DP-100)
IABAC certification – certified Data Scientist
Goethe certificate – B1 (German)

Languages Known

Tamil: Native Language ∗ **English:** Full working proficiency ∗ **German:** B1 level ∗ **Hindi:** Intermediate
